With fresh northwest winds promised for to-day's race Capt. William P. Burton, skipper of Sir Thomas Lipton's Shamrock IV., will have another opportunity to try his skill against Charles Francis Adams 2d, captain of Resolute, defender of the America's Cup.

It came as a surprise to yachtsmen when Sir Thomas announced that Capt. Burton, in spite of the general criticism of his work in the first two trials, would continue at the wheel of the challenger probably for the remainder of the series. His statement was brief and definite:

"Capt. Burton will be at the wheel to-merrow, I understand," the Irish baronet told reporters on the bridge of his steam yacht Victoria in Sandy "After that I cannot say, of course. Ability of Country to Deliver 2,000,000 Tons a Month: Questioned.

By the Associated Press. CHICAGO, July 19 .- The Railway abor Board created under the Esch-Cummins transportation act will hand down to-morrow morning its first tually all the 2,000,000 railroad employees of the country.

To-night, on the eve of the decision, reports from reliable quarters indicated the award would average from 50 to 60 per cent. of the amount asked for by the men, or between \$500,000,000 and \$600,000,000 of the billion dollar total they sought.

Judge R. M. Barton, chairman of the board, admitted "that is not far off" when shown the report. The board decided to-day, at the request of newspapers, to announce its decision at 8:30 o'clock instead of 10 A. M., as first planned.
